Carib Marine RIBs – Built for Caribbean Conditions

Engineered for performance, comfort, and durability, Carib Marine RIBs deliver a smooth, dry ride every time. With their pronounced bow-sheer, deep V keel, and oversized tubes, these boats are designed to handle serious sea conditions with confidence. Whether you're cruising, transporting, diving, or supporting water-based operations, Carib Marine RIBs offer the perfect balance of stability, power, and functionality — built **Caribbean Tough**, and ready for any adventure.

Perfected

Experience unmatched durability and performance with our RIBs, crafted using premium Pennel Orca® Hypalon materials:

- Orca® 215: Ideal for models up to 10'8"
- Orca® 820: Designed for larger sizes

- Superb ozone, UV and weather resistance
- Resistance to oil, grease and solvents
- Resistance to abrasion
- Resistance to impact, cutting, gouging and other types of physical abuse
- Resistance to decolorization
- Resistance to staining and soiling

5 & 3
YEAR

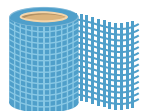

limited warranty
on hull and tubes

Warranty for CARIB MARINE Hypalon Dinghies:

This warranty applies only to defects in material and workmanship. It does not apply to tear or damage caused by accident, abnormal operation or improper installation.

Hull fabric is covered by a **5-year** warranty against porosity and rot.

Hull seams are covered by a **3-year** warranty against delamination.

Fiberglass

Single Floor RIBs

CRB/HIF-HSR310

HSR - SERIES

HSR Series -- Lightweight, easy to handle and reliable

Engineered for Functionality and Value

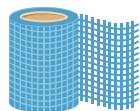

Our single floor RIB models are thoughtfully designed to deliver reliable performance and exceptional value for budget-conscious boaters. Built with a robust single non-skid floor and a generous interior layout, they provide ample space for cargo or passengers. Each unit comes equipped with factory-installed davit pad-eyes and three lifting points, ensuring easy handling and secure transport. A practical and dependable solution that maintains high standards of quality and utility.

Fiberglass

Double Floor RIBs

caribmarine
Caribbean Tough

Engineered for strength, stability, and versatility

These models feature an ultra-durable double floor and a watertight forward storage compartment. The spacious interior provides ample room for gear, while the lightweight build enhances performance over larger, heavier RIBs. Designed for optimal functionality, the pronounced bow-sheer, deep V-keel, large tube diameter, and full-length lifting strakes ensure a dry, smooth ride even in rough conditions. Whether used as a tender, dive boat, rescue/response vessel, or coach/support boat, this series delivers reliable performance at rest and underway.

HFP - SERIES

HFP Series – Lightest Double-Floor RIB

The perfect tender: lightweight, easy to handle, and built to last. With double-floor comfort and reliable construction, it offers a dry ride and effortless storage — ideal for everyday boating needs.

HJ - SERIES

HJ Series – Solid Double-Floor RIB

Built for bigger boats and demanding boaters, the HJ Series delivers rugged durability, high performance, and a stable, dry ride—perfect for serious use in tough conditions.

HSF - SERIES

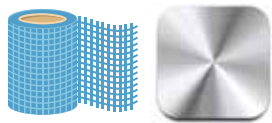

HSF Series – Action Double-Floor RIB

Built for action — ideal as a dive boat, rescue/response craft, or coach/support vessel. Rugged, stable, and ready for demanding tasks on the water.

DOLPHIN - SERIES

DOLPHIN -- Elegant Design

Designed with cruisers in mind, the DOLPHIN SERIES features a deep V-hull and double-layer aluminum floor for a smooth, stable ride. Its elegant design, top performance, and high-quality finish make it the ideal tender for comfortable and reliable cruising — even in a compact 3.6m size.

SEA ROVER - SERIES

Legendary SEA ROVER Series

Built tough with a double-layer aluminum floor and deep V-hull, the SEA ROVER offers great stability and space. Its roomy deck and A-shape bow make it ideal for heavy loads. Perfect as a tender or workboat — whether for leisure or professional use.

Foldable

Great performance and easy to store
Available in 3 sizes from 2.90 to 3.80m

HSD - SERIES

HSD Series – Foldable Convenience, Carib Marine Reliability

The HSD Series offers the ultimate in portability and ease of use. These fully foldable inflatables are ideal for boaters looking for a compact, lightweight tender without compromising on durability. Its inflatable keel delivers efficient tracking whether rowing, towing, or under power, while also enhancing overall performance — a rare feature in foldable models. Quick to set up, easy to stow, and built with reinforced materials for long-lasting reliability, the HSD Series is the perfect solution for space-saving cruising, emergency backup, or occasional use.

Standard Equipment:

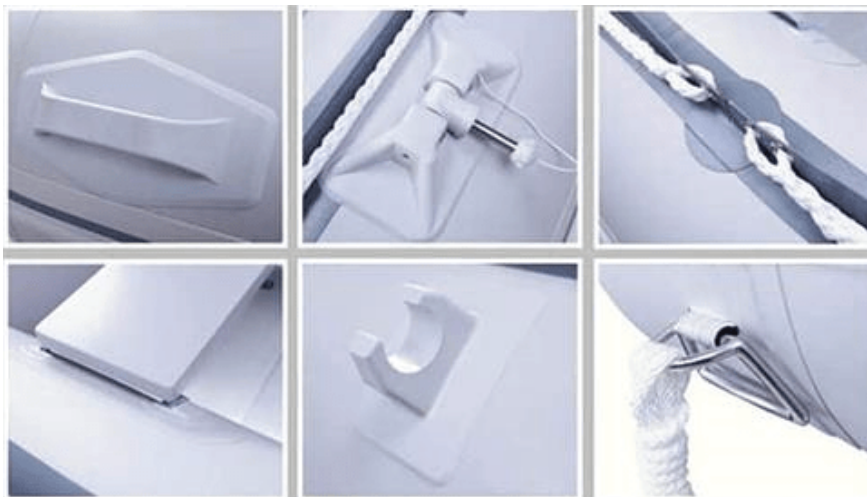

- A pair of aluminum oars
- Marine grade plywood seat (one piece)
- Foot pump
- Repair kit
- Carry bag
